## Leo Hartig Wins Title Role In "Papa Is All"

Pvt. Leo Hartig will play the title role of "Papa" in "Papa Is All", a comedy thriller to be presented here August 17 and 18, Director Elden T. Smith announced. The role of "Mama" will be played by Myrtle Brickman.

Others in the cast include "Emma", the daughter, Betty Zimmerman; "Jake", the son, Bob Marotz; "Mrs. Yoder", a neighbor lady, Eulalah Moellman; "State Trooper", A/S Joe Shoemaker.

Pvt. Hartig, whose home is in St. Paul, Minn., has appeared in three University Theatre productions and is especially remembered for his performance in "Mr. Pim Passes By". This is the first role for Miss Brickman, who is from McComb and has been teaching at Mt. Blanchard.

In the spring of '43, Miss Zimmerman rehearsed for the leading role in "She Stoops to Conquer", but the production was cancelled when the Army Reserves were called to active duty.

Miss Moellman is best remembered for her performance in "Night Must Fall" which was presented last summer. She is from Fremont, and teaches school in Pontiac, Mich. This is the first role here for Pvt. Marotz and A/S Shoemaker.

Rehearsals began Monday night and technical work will get under way this week. Students who wish to work on the stage with costumes, properties, painting, lighting, etc., should see Mr. Smith in room 106A.

The outstanding feature of the comedy is the quaint inverted Pennsylvania Dutch dialogue, according to Professor Smith. It should offer escape from the heavier and more dramatic wartime plays, although, as Mr. Smith puts it "there are enough thrills to make a person sit on the edge of his seat."

"Papa Is All", written by Patterson Greene, was a Broadway hit last year and has played very widely at community theatres throughout the country.

## Hilda Yen, Noted World Traveler To Speak At Assembly Monday

Hilda Yen, American-educated Chinese world traveler and diplomat, who has been a Japanese prisoner, will be the assembly speaker Monday at 11 a.m. Morning classes will be on the shortened schedule.

Miss Yen was caught in the Japanese occupation of Hong Kong. She lived for eight months in occupied parts of China. Her escape was in a highly adventurous manner.

The career of Hilda Yen has been wide in experiences. The courts of Europe became as familiar to this Chinese girl as homes in her own Peiping.

She was a member of the Diplomatic Corps in Moscow and hostess at the Chinese Embassy there during 1935-36. She had previously been a member of the China Diplomatic Corps in Paris, London, Rome, Berlin, and Copenhagen. She was a delegate to the League of Nations in 1936 and 1937.

Hilda Yen has been an official observer at a number of international conferences and was recently a delegate to the Institute of Pacific Relations, held in Canada.

She is an aviatrix, having received her solo license in Italy and her advanced license in the United States in 1938. She has flown over all five continents.

Twice she has gone around the world by steamer. And by train she has crossed Siberia from Vladivostok to France, gone from Scandinavian countries through the Baltic States, the Balkans and the Ukraine to the Caspian Sea. She

## Ten Added To Faculty, Prout States

Ten recent additions to the University faculty and staff were announced by President Frank J. Prout. Four have already begun their work here and six will arrive in November.

The greatest contribution will be to the physics department which will receive three of the new members.

Prof. Wallace T. Baker, who received his A.B. degree from Allegheny College and his Master's from Ohio State, is one of the new physics professors already on campus.

Mr. Baker is a native of Ohio and was for the past year a member of the physics department at Heidelberg College. He and his wife are making their home in Bowling Green at 101 South Maple street.

Prof. R. E. McKay is the other new member of the physics department already on campus. He received both his A.B. and M.S. from Ohio State.

Previous to coming to Bowling Green Professor McKay was at the University of Toledo. He also has taught in two other ASTP units. At present he is living in Tiffin, but he plans to move to

(Continued to page 4)

## Takes Command

LT. ARTHUR E. JENSEN

Replacing Lt. Comdr. Jennings Courts, who was transferred to the V-12 unit at the University of Redlands, Lt. Jensen assumed his duties as V-12 commander here June 27.

## "Steve" Improves At Hospital

Mr. Lyman "Steve" Stevens, veteran campus policeman, is reported "doing well" at the Johnston Hospital where he has been convalescing since suffering a heart attack while on duty near the close of the spring term.

He will be released from the hospital in another week. During his absence Karl Henrich, member of the maintenance staff who has done part-time watchman duty, is patrolling the campus beat.

## Present V-12 Unit Here Is Larger Than Last Term

The V-12 unit for the period beginning July 1 is larger than the previous term, it is revealed by figures released this week by Lt. Arthur E. Jensen, unit commander. A total of 357 V-12 trainees are now on the campus.

The ratio of sailors and marines in the unit changed somewhat following departure June 21 of 127 who had completed their training here, and arrival July 1 of 142 new men.

The unit now has more sailors and fewer marines than during the previous period which began March 1. Sailors number 280; marines 77.

Of the 142 new men, 62 were transferred to V-12 from some other branch of Navy service, and the rest came from civilian life. Of the new arrivals, 131 are ap-

prentice seamen and 11 are marine privates.

All of the marines and 255 of the sailors are housed in Kohl Hall. Twenty-five sailors live in the "Annex", temporary living quarters provided on the third floor of the Laboratory School.

All of the men eat at the Kohl Hall cafeteria.

New students in the unit are being given serum inoculations and are being outfitted with uniforms and equipment.

According to regulations of the program a member of a V-12 unit may remain on the campus for a maximum of four 16-week periods, depending upon the amount of previous college training the individual has had.

With exception of Lt. Jensen, who assumed command of the unit here June 27, replacing Lt. Comdr. Jennings Courts, all of the officers remain the same. Captain Joseph Anastasio is in charge of the marine unit, Lt. Russell Ferguson is the V-12 executive officer, and Lt. Seymour Kaiz the medical officer.

## Trustees Vote

### 50c Board Raise

An increase in board, from \$4 to \$4.50 weekly, is to take effect in the dormitories November 1, the Board of Trustees decided at its meeting Thursday. The increased rate remains considerably lower than that charged at many other institutions. The 50 cent increase is to help meet rising costs.

Dr. Frank J. Prout reported that specific details in regard to the five new men's dormitories to be constructed east of Kohl Hall were also worked out by the Board.

Two new appointments were confirmed; Miss Mary Wollam as an assistant in biology, and Prof. Sidney Stone as an instructor in speech.

## C. P. T. Classes

### Start In August

Enrollment in university classes in civilian pilot training was opened this week as the beginning of a complete program of ground training and flight instruction for civilian students. First class meetings will be in August.

The civilian program will be a resumption of training that was discontinued at the start of the war to permit training of Navy pilots under the V-5 program.

As an aid to those now employed, the courses in aeronautics will be given in the late afternoon and early evening. Flight instruction will be given at the University's 120-acre airport on a schedule planned to fit the needs of those enrolled.

Four subjects will be offered in the "ground school" training in preparation for the Civil Aeronautics Administration examination required of all applicants for a Private Pilot Certificate. Classes in navigation, meteorology, civil air regulations, and general service of aircraft are planned in the course.

Instruction in both aeronautics and flying will be given by instructors that have been training pilots for the military services. H. C. Downing, coordinator of flight training, will direct the ground school and R. B. Vaughan, flight supervisor at the University airport, will be in charge of the flying lessons.

Students in this course will receive the same type of instruction in civilian classes as was given in the courses for Navy pilots, Mr. Downing stated. "They will receive instruction from teachers who have gained valuable experience while training pilots for military service," he said.

## Work Begins on "Papa"

Betty Zimmerman, Pvt. Bob Marotz, and A/S Joe Shoemaker hold a first conference with Prof Elden T. Smith, director of the University Theater. Three others in Papa Is All, first summer production, are not shown. They are Pvt. Leo Hartig, Myrtle Brickman, and Eulalah Moellman.

## Editors Selected For Summer Term

Lowell Howard and Gene Jordan, V-12 students have been appointed managing editors of the summer Bee Gee News, Prof. Jesse J. Currier announced, following a two-weeks try-out period.

The editors will have charge of editions on alternate weeks. A different member of the staff will act as assistant issue editor each week.

Several places are still open on the staff for reporters and feature writers. Interested persons should apply to Prof. Currier in the journalism office.

## Turgeon Promoted To First Sergeant

Captain Anastasio has announced the promotion of Gunnery Sergeant Robert N. Turgeon to First Sergeant.

Sergeant Turgeon has been with the local V-12 unit since its beginning a year ago.

## Child Welfare Fund Aided By H.S. Band

The annual band concert and ice cream party to raise funds for child welfare work in Bowling Green will be tomorrow at 8 p.m. in the City Park. The high school band will play.

## Dr. Moseley Finds Record Specimen Of Hog-nosed Snake

A hog-nosed snake, largest of its kind on record in the world, was found recently north of Whitehouse by E. L. Moseley, professor emeritus of biology and Curator of the Museum. This non-poisonous snake measured 43 inches.

It had been run over by a car, damaging it some, but it still is an excellent specimen, according to Dr. Moseley. The snake is also known as the puff adder, glowing viper, and sand viper. It is now on exhibition in the Science Building.

The other two specimens recorded which neared this record were from New York State (39 inches) and from Georgia (40 1/4 inches).

The snake was found in Oak Openings, well known wildlife region northwest of Bowling Green.

## a memorial--what?

Now is the time for all of us to start thinking about a memorial to the Bowling Green alumni fighting for our country throughout the world. We must not let their noble deeds be passed off lightly when the war is won. Many of them have paid and will pay the supreme sacrifice for our country.

Our efforts must be consecrated now in order to insure action on the project. Plans are now being made in this direction, but just what the memorial will consist of has not been decided.

Someday, we hope soon, many of the alumni will return to the Bowling Green campus, and when they do, let's be waiting for them with a memorial in honor of their effort in World War II.

## fighting falcons

## TARGET FOR THE WEEK

The latest targets of Wing Commander Bill Crawford-Compton, one of Britain's top-scoring fighter aces, who spoke at one of our spring assemblies during a tour of the United States, have been Germany's flying robot bombs. He has 20 confirmed Nazi planes to his credit and is now in command of a crack Spitfire squadron in Normandy.

"Competition to get after the bombs," he said, "is so great between pilots that you almost have to buy a ticket to get a shot at them. Our pilots don't like coming straight home from the beach-heads—they always try to ease their way around by the Dieppe area to go after what we call the 'squirly jobs'."

## WEEKLY BARRAGE

S/Sgt. Elias Toplansky, x'46, has been awarded the Air Medal for meritorious achievement in aerial flight. He is stationed in Italy with the 15th AAF Liberator bombardment group as a radio operator. He entered the service in December 1942.

Lieut. (j.g.) Fredrick W. Uhlman, Jr., of the Coast Guard, is now on duty somewhere in the South Pacific attached to a Coast Guard-manned ship. He is a local boy who continued his studies at B.G. after graduating from Denison University in 1941.

Major Waldo Schauweker, '41, of the Army Air Corps, has just arrived from the Southwest Pacific and has been raised to the rank of major. He arrived in the Pacific war area in time to participate in some of the earliest bombings of Jap positions. Since last winter he has been assigned to ground training after completing the required number of missions over enemy territory. Last winter on General Marshall's tour of the world battle fronts, Major Schauweker was given the job of piloting him while in that theater of operations.

A/C William F. Cryer, '41, another of our local graduates, has recently been assigned to the pre-flight school at Maxwell Field, Alabama.

## MISSING IN ACTION

Lieut. David P. Fuller, x'46, navigator of a bomber, has been missing over Germany since May 30. He had been overseas three months and had completed 16 missions.

## — The "100% Club" Gets a Pep Talk —

"—And in conclusion, men, always remember—War Bond Allotment spelled backwards spells RAW DNOB TNEMTOLLA!"

## Living Memorials

(Editor's Note: The following poem was contributed by Trent Sickles, manager of the Southern Hotel, Columbus, in the interest of "Living Memorials" for heroes of World War II. The ideas expressed are in keeping with the editorial sentiments of this paper.)

In memory of me, you wouldn't erect  
A dreary stone that would reflect  
No thought of joy or living things,  
Or hope, for which the whole world sings.

I ask that you go plant a tree  
To cast a shadow cool, for me.  
A tree to bless the weary earth,  
Or any monument of vital worth!

In haunting memory, on marble cold,  
I want no story of my valor told.  
Forlorn and desolate, they stand for years,  
Despair they bring, and lonely tears.

Instead, I beg you plan a place—  
A playground, where children race,  
A little lake, a bathing beach,  
A happy place in easy reach.

For all the Boys, on sea or land,  
For all the Flyers, who victory planned.  
From the Spirit World, We unite our  
place—  
For playgrounds, pools, and glorious trees!

No futile piles of stone to mar,  
The landscape view, both near and far!  
Dead monuments are but idle toys—  
Give living things for our noble boys!  
Millicent Easter

## letters

Bob Devlin, who left with the V-12 graduates June 21, writes to A/S Ralph Hendricks, telling of his first experiences at Midshipman School at Notre Dame, Indiana and gives some interesting sidelights on post V-12 training.

I hope everything is going alright with you boys at old B.G. I suppose things are a little tougher now, but believe me there is little comparison between V-12 and Midshipman's School. At least you have time to study and don't have exams every day.

We take four main courses; seamanship, ordnance and gunnery, navigation, and damage control and engineering. Navigation seems to be the "snap", although it is a lot harder than what I had at B.G., and seamanship is the toughest.

The courses are all tough, but this is compensated for by their being extremely interesting. We have "lab" work with actual equipment. The schedule is full; no liberty through the week. Every hour you don't have a class or a "lab" you have a study period, drill, or executive drill, which is plain old marching.

No fooling around about getting up in the morning either. The bell rings and 3 minutes later you are out doing calisthenics. You have to have your clothes all laid

## june's jokes

Boot: "Have you any hot water in the barracks?"

Old Salt: "Yes, and I'm in it most of the time."

For Sale: A violin, by a young man in good condition, except for a loose peg in the head.

Did you hear about the little moron who thought he was Hitler? He was.

Motor Cop: "Hey, you! Didn't you hear me say, 'Pull over there?'"

Driver: "Why, I thought you said, 'Good afternoon, Senator.'"

Motor Cop: (smiling) "Isn't it a warm day, Senator?"

County Constable: "Pardon me, miss, but swimmin' ain't allowed in this creek."

Bee Gee Co-ed: "Why didn't you tell me before I undressed?"

Constable: "Well, lady, there ain't no law against undressin'."

Captain: "There will be only a half day's work this morning."

Marine: "Hooray!"

Captain: "Silence! We'll have the other half this afternoon."

Question: Why did the freshman run 'round and 'round his bed?

Answer: To catch up on his sleep.

"Why is this letter so damp?"

"Postage dew, I guess."

She: "Gee, that's a fancy step. Where did you learn it?"

He: "Whattaya mean, fancy step? My pants are falling off!"

out or you will never make it.

So long for now and don't get discouraged if the work is pretty tough. You'll make it!

## in the well

## IT'S NICE TO SEE:

Weezie and Bernie (left over from last summer) . . . Norm Knisely and cute Jean Smith cuttin' up in the Nest . . . Jack DeLora and Lucy Rickel spending his two weekend restrictions on campus, (How's come, Jack?) . . . Ex-Editor Pat Schweitzer Smythe and her husband Paul on Campus again.

## REASONS FOR DROPPING CLASSES:

Hal Potts found it too hard to rise with the sun in order to get to Psychology of Religion at 7 a.m. . . . Mary Lou Kail would like to drop all Thursday and Friday classes to go to Camp Atterbery (not a bit of wonder!) . . . And of course the Old Quarry Gang who dropped all afternoon classes because of conflicts with 2-5 daily labs . . . Some classes serve useful purposes. For instance Dr. Steidman's Botany Class found where all the poison ivy is in the cemetery. Mim Miller also found out that the cemetery isn't the only place it's grown.

## DID YOU KNOW:

Margaret Vesey is managing a refreshment center at Lakeside summer resort . . . Janey Rothe is gauging tanks at the Heinz Plant . . . Janet Holtmeyer is a clerk at the Magnavox Company in Fort Wayne . . . Billie Stone is a typist at the Packard Motor Car Company, Detroit . . . Dorothy Krosnosky is doing office work in a defense plant in Cleveland . . . Esther Davis has joined the land army and is stationed at Camp Mel Bir, Pasadena, Md. . . . Ethel Grover, Alda Douthett, and Jo Davis are working at Red Wood Inn, at Russels Point . . . And last but not least, Sgt. Boggs (who ordered coke and drank it one whole evening) has a fine singing voice,—and not only can float on logs but SWIMS, too!

## opinion

## War-Time Economy To Be Extended

By NELSON WILLIAMS, JR.

"It will be necessary to extend our war-time economy into the initial years of peace." So asserted Mr. Edward Downer, specialist of the Cleveland OPA office in a talk here.

His fear of the release of \$100,000,000 in savings in addition to regular expenditures echoes that of Senator Harold H. Burton.

Such a market could not be met for some time following the cessation of hostilities. No over-all plans have been made; even the disposal of the government owned plants is yet to be determined.

At best reconversion will be haphazard; at worst chaotic. It will, uncontrolled, lead us to a crisis comparable to that of the early 20's. Then, according to Mr. Downer, the price index dropped from almost 250 to 109 in 13 months (1914 was used as 100).

An extended war-time economy is the solution offered by Mr. Downer. This, it seems however, has practical limitations. That the rationing program is beyond the normal powers of the Federal government is freely admitted. After the war, no longer checked by patriotism and public opinion, some are sure to bring suit against such an exercise.

This holds true also for labor controls, the USES, WMC, "no strike" pledge, and wage stabilization program, which will be thrown over-board when the present war economy becomes a peacetime economy.

"Toward a Permanent War Economy?", an article in the February issue of Politics by Walter J. Oakes, opines that we will retain these controls in peace as well as war. It is either this or crisis, he believes.

In an interesting chart predicting the results of this course, as he sees it, the standard of living is shown to climb until 1949, and then gradually decrease, reaching the present level about 1927. This he terms the crisis year, and it is followed within half a decade by World War III.

As a perfect solution this leaves much to be desired. Those supporting either an extended or a permanent war economy, however, are being practical and do not expect perfection. We have come to regard war as periodic, and preparations are even now being made, like the State Department's stock pile scheme, for the next one.

Thus the chances for a permanent war economy are not as slim as one might think. "Realpolitik" almost dictates such a course, and it must be followed, whether we wish to do so or not, unless an alternate proposal is brought forth. So far we have heard little but talk of the "good old days", which some of us doubt were so very, very good.

## V-12 Students Rank High In Bond Buying

A total of \$2,796.25 is deducted from the pay of all the V-12 students here each month, Captain Joseph Anastasio announced this week.

The Marines have a war bond enrollment of 98.7 per cent and 90 per cent of the Navy students have bonds deducted from their pay. This subscription to bonds is voluntary, although each student is urged to participate in each War Loan drive.

The Bowling Green V-12 unit ranks near the top in the nation among V-12 units in war bond buying.

Pat Whalen, has been acting society editor of the Tiffin Advertiser Tribune during the absence of the editor who is ill.

Clare Jean Miller, Dorothy Hall, and Virginia Smith are working this summer in Lima in the recreational department of the Lima Tank Depot. They are living with Dorothy's grandmother at 313 W. Elm Street.

## Battery Discusses Opener

The three Marine veterans, Al DiMarco, Jim Woods, and John Jeremiah, will form the nucleus of Coach Warren Steller's summer baseball squad. DiMarco, left, is the ace hurler from the last semester squad, and Woods and Jeremiah are catchers.

## World Traveler To Speak Here Monday

(Continued from page 1)

knows every country of Europe except Finland, Spain, and Portugal.

Combined Eastern and Western education has been a great asset to this Chinese girl. Three times she has come to the United States to study. First time she attended Rye Seminary, Rye, N. Y., returning to China to complete her primary school education. She came the second time to complete at Walnut Hill School the high school course she began at an American Methodist school in China. From Walnut Hill she went to Smith College. After two years there she returned to China and graduated from Yale-in-China.

The third time she came was on a world tour studying child welfare work in Asia, Europe, and America.

This, her fourth trip, is to tell of her miraculous escape from enemy territory and to give her ideas, that have grown out of age old China, as to how we should organize this globe on which we live.

## Face Lifting Job On Shatzel Floors In Progress

Sparkling new floors will greet freshmen girls who return to Shatzel Hall this fall.

Floors in rooms on the first floor are being sanded and refinished and the 32 women students who are living in the dormitory this summer are becoming accustomed to the eight hour a day "bombardment" from two electric sanding machines.

As soon as one corridor is completed girls will move into these rooms and the ones now occupied then will be refinished.

Walls of Shatzel rooms were repainted last summer but it has been a number of years since the floors have been completely refinished.

Twenty-two of the residents of the dorm this summer are freshmen. Mrs. Josephine James is house director.

The address of Cpl. Paul D. Shepherd, associate editor of the 1943 Key and member of Alpha Tau Omega, has been changed to Box 643, Route 4, Alexandria, Va. He is living there with his wife, the former Marian Stilgenbauer, '45.

## Falcon Nine Will Meet Old Dutch Here Tuesday

The Falcon baseball nine will meet the Old Dutch team of Toledo Tuesday evening in a twilight contest to start at 6:30 on the local diamond, Coach Warren Steller announced today.

This will be the first game of the summer season for the Falcon team. They will have a formidable foe in the Old Dutch team which is currently leading the race for the Toledo Federation pennant.

Most of the lineup for the Falcons will be veterans from the spring campaign. The Brood had one of the most successful seasons in years as they posted 14 wins in 16 starts.

The Falcons are well supplied in the battery department having two pitchers and two catchers

held over from the spring season. Al DiMarco and Don Whitehead are returning hurlers. DiMarco posted eight straight wins in the spring.

The veteran backstoppers are Jim Woods and John Jeremiah, who alternated in the catching duties.

Other veterans who will be on hand Thursday night are Howard Martin, Jim Bloomfield, Ed Conley, and Bob Blattner.

## Miss Henderson Made Chairman At Convention

Miss Helen Henderson, of the home economics department, attended the annual convention of the American Home Economics Association which was held in June at the Steven's Hotel in Chicago.

The general theme of the Association meeting centered around plans for postwar problems in home economics. At the convention Miss Henderson was elected State Chairman of the Related Arts Section of the Association.

## This Week-end's Social Program Will Feature Bridge And Dance

Something new and unusual, something old and nice will highlight this week-end's social program, in the way of an all-campus bridge party and a "good ole" nickelodeon.

On Friday, July 21, 7:30 to 10 p.m., the bridge party will be held under the direction of Dr. and Mrs. W. E. Steidtmann. Progressive bridge, both auction and contract, will be played with prizes being awarded to high man and high woman.

Admission will be free to Ac Card holders and faculty members. There is a 25c charge per person for others attending.

It is urged that as many students, both V-12 and civilian, and faculty as possible attend this party. A good time is guaranteed, and refreshments will be served.

The social committee asks that you please make reservations in your dormitory, barracks, sorority house, or leave them in Dr. Steidtmann's mail box, so that they can adequately prepare for the number attending.

The new navy-marine band will contribute a few numbers to add to the evening's merriment at the dance Saturday night at 9 in the Rec. Hall. Refreshments will be served.

Virginia Falknor, Opal Ford, and Marvel Maynard were week-end visitors at the Alpha Xi Delta house.

## Ten New Profs Announced By Prexy

(Continued from page 1)

Bowling Green as soon as he can find a residence here.

In November, Dr. Clare H. Bennett will join the physics department. He received his A.B. from Western State Teachers College, Michigan, his M.A. from the University of Michigan, and his Ph.D. from Michigan State College. Formerly he was assistant professor of zoology at North Dakota College. Dr. Bennett is 38 years old and the father of a 3 year old son.

Also in November, the psychology department will benefit by the addition of Dr. Anthony C. Westerhof. Dr. Westerhof received his B.A. from Calvin College, Michigan, his M.A. and his Ph.D. from Duke University. He has done further graduate work under the noted psychologist, Thomas Adler, at Columbia.

Dr. Westerhof comes here from Marshall College and has had previous experience at Blue Ridge College, Maryland, and Duke University.

Mrs. Wayne Thompson, wife of Prof. Wayne Thompson of the speech department, and Miss Ruth Ruth Baughman, formerly an assistant at the Lima Public Library, have taken posts as assistants in the library. Miss Baughman is enrolled in University classes in addition to her library work.

Of interest to music students is the announcement that Arthur Zuetzke will return to the University this fall as director of the band. Mr. Zuetzke last year completed the semester after the departure of Prof. Charles F. Church who left Bowling Green to go into radio work.

Mrs. Evelyn Simmons Hart, who received both her B.A. and M.A. degrees here, will be added to the staff of the English department. She was an assistant here two years ago, and Dr. Rea McCain reports she "was very able." She has served as principal in a school in Texas, as her husband, who is in the Army, was stationed there.

Miss Mary Wollam, from Mendon, Ohio, will be a student assistant in the department of biology.

Prof. Sidney Stone, with B.A. and M.A. degrees from Ohio Wesleyan, will join the speech department. He has taught for 14 years at Iowa State College, where he supervised broadcasting from the college station. He is an addition to the speech staff, and it is expected he will work largely with radio.

## Social Groups Are Active; Plan Events

### Alpha Chi Omega

Residents of the Alpha Chi Omega House held a birthday party Sunday night in honor of their new house mother, Mrs. Virginia McCartney. Mrs. McCartney is an alumnae of the Las Amigas Sorority. She has been teaching at the Hyde Park School for Children in Chicago, and is back to work on an advanced degree.

### Gamma Phi Beta

Miss Evelyn M'Clelland is now attending Connecticut College for women in New London, Connecticut. She is being sent on a commercial scholarship for an 11-week's course in graduate accounting in preparation for work as a Certified Public Accountant.

After the between-semester lull in sorority and fraternity activity, most of the groups have organized for the summer and are completing plans for summer chapter social activities.

### Alpha Tau Omega

A smoker last Friday at the house was the first social event on the summer program for the Alpha Tau Omega Fraternity. A dance is being planned for later in the term.

George Brown is chairman of the newly appointed social committee.

### Beta Gamma Upsilon

New officers for the year, elected at the last meeting last semester, were installed by Beta Gamma Upsilon at the fraternity's meeting of the semester last week.

The officers are: Richard Merrell, president; Danny Santavica, vice president; Tom Bierly, secretary; Mr. Eugene Beatty, assistant registrar, treasurer; Roland Bailey, historian; John Jensen, sergeant-at-arms; Earl Beck, chaplain; Robert Maloney, pledge master; Tom Gibbs, social director; Charles Bowman, athletic director; John Barber, publicity director.

A party to be held at a lake resort is being planned for the summer.

### Five Brothers

Twenty active members of the Five Brothers Fraternity are on the campus this summer.

A well rounded social program has been planned for the summer term.

### Pi Kappa Alpha

Pi Kappa Alpha Fraternity held a smoker Thursday night for prospective pledges in the faculty room of the Nest.

Entertainment for the evening was in the form of bridge, other card games, and group singing. Near the close of the evening Dr. Walter A. Zaugg gave an informal talk on the history of the fraternity. Norm Knisely explained the history of the various plaques and trophies won by the fraternity.

## Bowling Green Goes Romantic As Six Former Students Wed

Proof that Bowling Green State University is a romantic as well as educational institution comes to us with the announcements of marriages of six more of our former students.

On June 24, Helen Louise Kear, of Williamstown, became the bride of Eugene C. Keller, of Mt. Vernon, New York, in the Methodist Church of Forest, Ohio.

Mrs. Keller, who graduated in 1941, was a member of the Skol sorority, now Delta Gamma, and of Phi Sigma Mu, honorary music fraternity, and has been supervisor of music in Whitehouse and Forest schools. The groom graduated in 1940. He was a member of the Five Brothers fraternity and active in Masque and Mantle. At present, he is office manager for the Toledo Scale Co. in its New York office. The couple will reside in Mt. Vernon, New York.

### Harbauer-Burkholder

The marriage of Isabelle Harbauer, of Perrysburg, to Joseph Burkholder, of Pemberville, took place on June 29 at the St. Rose parsonage in Perrysburg. George Smith, of Bowling Green, served as best man.

The bride, who is a member of Gamma Phi Beta, has been teaching in Perrysburg. Mr. Burkholder also attended the University and is now engaged in farming.

### Elder-Smith

A double ring ceremony at the First Methodist Church, Boston, Mass., united in marriage Mildred Elder, of Bowling Green, and C. Robert Smith, petty officer second class, USN, of Olean, New York.

The groom, who has served three and a half years in the Navy and seen active duty at Pearl Harbor, was assigned to the V-12 Unit here, where he became affiliated with the Five Brothers fraternity.

Mrs. Smith also attended the University and has been employed at the Morris Store in Bowling Green for the past three years. Until her husband is assigned a permanent station, the bride will remain in Bowling Green with her parents.

## Freshman Handbook Goes To Press Today

The Freshman Handbook goes to press today. It is a complete revision of the one published last year. The contents are similar but new copy and new art work have been added and the cover will be different.

This handbook, when ready, will be distributed to all freshmen now on the campus and mailed to new enrollees planning to enter this fall.

Alice White, junior from Shelby, is editing the handbook. Jean Harshman was editor of last year's book.

## Editor Jean Meets Bricker On New Job

Jean Harshman, editor-elect of the Bee Gee News for 1945, who is working this summer on the copy desk of the Columbus Dispatch, broke into the big time almost her first day on the job.

Accompanying some reporters to the railway station to welcome Governor Bricker back from Chicago, she rode in the parade back from the station to the governor's mansion and arrived before the official party.

Upon entering the room Miss Laurabelle Mooney, niece of Governor Bricker, who was in the governor's party, and who taught physical education in Bowling Green High School, spied Jean and said, "Why there's Jean Harshman." Whereupon she introduced Jean to the governor and Mrs. Bricker and all the official party.

Lt. Joseph Glander, former Falcon swimming coach and trainer, returned to Bowling Green Friday for an unexpected leave and visit with his family who are residing here. He is stationed at Norfolk, Va.
